**Item 2.02. Results of Operations and Financial Condition**

On October 28, 2022, WisdomTree Investments, Inc. (the “Company”) issued a press release announcing its financial results for the three and nine months ended September 30, 2022. A copy of the press release containing this information is being furnished as Exhibit 99.1 to this Report on Form 8-K and is incorporated herein by reference.

The information furnished pursuant to this Item 2.02, including Exhibit 99.1, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities under that Section and shall not be deemed incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended.

**Item 8.01. Other Events**

On October 26, 2022, the Company’s Board of Directors declared a quarterly cash dividend of \$0.03 per share of common stock, payable on November 23, 2022 to stockholders of record as of the close of business on November 9, 2022. A copy of the press release issued in connection with the dividend is attached as Exhibit 99.1 to this Report on Form 8-K and is incorporated herein by reference.

**Item 9.01. Financial Statements and Exhibits**

(d) Exhibits:

Exhibit 99.1 [Press Release, dated October 28, 2022](#)

Exhibit 104 Cover Page Interactive Data File (embedded within the Inline XBRL document).

---

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

**WisdomTree Announces Third Quarter 2022 Results - Diluted Earnings Per Share of \$0.50 (\$0.06, as adjusted)**

*Year-to-date (YTD) annualized inflow rate of 14% across all products  
U.S. Equity products inflowing at a YTD annualized rate of 13% (inflows of \$1.2 billion in the quarter)  
WisdomTree Floating Rate Treasury Fund (USFR) inflows of \$2.8 billion in the quarter*

New York, NY – (GlobeNewswire) – October 28, 2022 – WisdomTree Investments, Inc. (NASDAQ: WETF) today reported financial results for the third quarter of 2022.

**\$81.2 million net income (\$9.3<sup>(1)</sup> million net income, as adjusted)**; see “Non-GAAP Financial Measurements” for additional information.

**\$77.9 million non-cash gain** associated with the revaluation of deferred consideration–gold payments due to an increase in the discount rate used to compute the present value of the annual payment obligations.

**\$70.9 billion of ending AUM**, a decrease of 4.6% arising from market depreciation, partly offset by net inflows.

**\$1.7 billion of net inflows**, primarily driven by inflows into our fixed income and U.S. equity products, partly offset by outflows from our commodity products.

**0.38% average advisory fee**, a decrease of 1 basis point due to AUM mix shift.

**\$72.4 million of operating revenues**, a decrease of 6.3% due to lower average AUM and a lower average advisory fee.

**77.5% gross margin<sup>(1)</sup>**, a 1.7 point decrease from the previous quarter due to lower revenues.

**20.5% operating income margin**, a 2.6 point decrease compared to our adjusted operating margin of 23.1%<sup>(1)</sup> in the prior quarter due to lower revenues.

**\$0.03 quarterly dividend declared**, payable on November 23, 2022 to stockholders of record as of the close of business on November 9, 2022.

**Update from Jonathan Steinberg, WisdomTree CEO**

“WisdomTree is in its ninth consecutive quarter of net inflows and we see opportunities for continued organic growth in our ETF franchise based on our broad and deep product lineup, strong performance, solutions offerings and a growing managed models business. Additionally, our vision for digital assets and blockchain-enabled financial services is fast becoming a reality with the recent SEC approval of our first blockchain-enabled fund, the WisdomTree Short-Term Treasury Digital Fund (WTSY) and our blockchain-native digital wallet, WisdomTree Prime™, on track to launch early next year.

WisdomTree has a tremendous and holistic opportunity ahead in both our ETF business and as an early mover in digital assets and blockchain-enabled financial services. On November 7<sup>th</sup>, we are simplifying our name by dropping ‘Investments’ and expanding our image and broadening our mission by dropping ‘ETF’ from our ticker (new ticker symbol: WT), acknowledging that WisdomTree is more than ETFs and more than investments, with a nod toward our natural evolution and history of innovation.”

## Update from Jarrett Lilien, WisdomTree COO and President

“WisdomTree’s broad and growing managed models business continues to gain traction and win new mandates, which should bolster organic growth going forward, as these assets tend to be sticky. As markets normalize, our scalable business model should result in WisdomTree being one of the only asset managers with both a margin improvement story *and* an inflow story.”

Moreover, our approach is to bring crypto mainstream, and to bring mainstream exposures, like fixed income, equities and commodities, into the digital world through blockchain-enabled funds and tokenized exposures. We’re building the foundation that will allow us to lead in the coming evolution of financial services and lay claim to the deepest exposures in the digital wrapper, positioning us, in an even larger opportunity, to expand into blockchain-enabled finance, where spending, saving and investing are merged.”

### RECENT BUSINESS DEVELOPMENTS

#### Company News

- In September 2022, we appointed Daniela Mielke to the Board of Directors; and WisdomTree Europe was certified as one of the UK’s “Great Places to Work” by Great Place to Work UK.
- In October 2022, we reported our monthly metrics for September 2022, including AUM and flow data by asset class; we announced our collaboration with Stride Bank and Galileo Financial Technologies as key banking and payments partners for our blockchain-native digital wallet, WisdomTree Prime™; we announced the transfer of our common stock listing to the New York Stock Exchange under the new ticker symbol “WT” and our corporate name change to WisdomTree, Inc., both on November 7, 2022, to align with our natural brand evolution and expansion; and we were named “Best U.S. Fixed Income ETF Issuer (\$1B- \$5B)” at the ETF Express US Awards 2022.

#### Product News

- In September 2022, we launched the WisdomTree Emerging Markets ex-China Fund (XC) on the NYSE; we launched the WisdomTree Blockchain UCITS ETF (WBLK) on the London Stock Exchange, Deutsche Börse and Borsa Italiana; and we launched the WisdomTree Global Automotive Innovators UCITS ETF (WCAR) on the London Stock Exchange, Deutsche Börse and Borsa Italiana.
- In October 2022, we achieved a key milestone toward blockchain-enabled financial products and services with SEC approval of WisdomTree Short-Term Treasury Digital Fund (WTSY); and we filed for nine additional blockchain-enabled funds with the SEC.

## QUARTERLY HIGHLIGHTS

### Operating Revenues

- Operating revenues decreased 6.3% from the second quarter of 2022 due to lower average AUM and a lower average advisory fee.
- Operating revenues decreased 7.3% from the third quarter of 2021 due to a lower average advisory fee.
- Our average advisory fee was 0.38%, 0.39% and 0.41% during the third quarter of 2022, the second quarter of 2022 and the third quarter of 2021, respectively.

### Operating Expenses

- Operating expenses decreased 6.4% from the second quarter of 2022 due to lower professional fees, incentive compensation, marketing expenses, sales and business development expenses and contractual gold payments, partly offset by higher fund management and administration costs and other expenses. The prior quarter included \$2.0 million of professional fees incurred in response to an activist campaign.
- Operating expenses increased 6.7% from the third quarter of 2021 primarily due to higher incentive compensation and headcount, fund management and administration costs, professional fees incurred in connection with our digital assets initiative and other expenses, partly offset by lower sales and business development expenses, occupancy expenses, contractual gold payments and depreciation and amortization expenses.

### Other Income/(Expenses)

- Interest expense was essentially unchanged from the second quarter of 2022 and the third quarter of 2021.
- We recognized a non-cash gain on revaluation of deferred consideration of \$77.9 million during the third quarter of 2022. The gain arose primarily from an increase in the discount rate (from 9.0% to 12.3%) used to compute the present value of the annual payment obligations as well as lower spot gold prices, partly offset by a steepening of the forward-looking gold curve. The magnitude of any gain or loss recognized is highly correlated to changes in the discount rate and the magnitude of the change in the forward-looking price of gold.
- Interest income was essentially unchanged from the second quarter of 2022. Interest income increased 17.7% from the third quarter of 2021 due to an increase in our securities owned.
- Other net losses were \$5.3 million for the third quarter of 2022 and included losses on our securities owned of \$6.3 million. Gains and losses also generally arise from the sale of gold earned from management fees paid by our physically-backed gold ETPs, foreign exchange fluctuations and other miscellaneous items.

### Income Taxes

- Our effective income tax rate for the third quarter of 2022 was 3.9%, resulting in income tax expense of \$3.3 million. Our tax rate differs from the federal statutory rate of 21% primarily due to a non-taxable gain on revaluation of deferred consideration. This was partly offset by an increase in the deferred tax asset valuation allowance on losses recognized on securities owned.
- Our adjusted effective income tax rate was 26.3%<sup>(1)</sup>, or 21.8% excluding prior-period taxes accrued associated with exposure to the Global Intangible Low-Taxed Income, or GILTI, provisions of the 2017 U.S. Tax Reform Act and other adjustments identified upon filing our 2021 income tax returns.

## NINE MONTH HIGHLIGHTS

- Operating revenues were essentially unchanged as compared to 2021.
- Operating expenses increased 13.3% as compared to 2021 primarily due to higher incentive compensation and headcount, professional fees including \$4.5 million incurred in response to an activist campaign and professional fees associated with our digital assets initiative, fund management and administration costs, marketing expenses, sales and business development expenses, other expenses and third-party distribution fees. These increases were partly offset by lower occupancy expenses and depreciation and amortization expenses.
- Significant items reported in other income/(expense) in 2022 include: an increase in interest expense of 30.3% due to a higher level of debt outstanding; a non-cash gain on revaluation of deferred consideration of \$63.2 million; an increase in interest income of 107.4% due to an increase in our securities owned; a non-cash charge of \$19.9 million upon the release of tax-related indemnification assets arising from a favorable resolution of certain tax audits as well as the expiration of the statute of limitations (an equal and offsetting benefit was recognized in income tax expense); and losses on our securities owned of \$15.6 million. Gains and losses also generally arise from the sale of gold earned on management fees paid by our physically-backed gold ETPs, foreign exchange fluctuations and other miscellaneous items.

- 
- Our effective income tax rate for 2022 was negative 15.7%, resulting in an income tax benefit of \$10.7 million. Our tax rate differs from the federal statutory rate of 21% primarily due to the reduction in unrecognized tax benefits associated with the release of the tax-related indemnification asset described above, a non-taxable gain on revaluation of deferred consideration and a lower tax rate on foreign earnings. These items were partly offset by an increase in the deferred tax asset valuation allowance on losses recognized on securities owned.

#### **DIAL-IN AND WEBCAST DETAILS**

Participants can register for the conference call by clicking the [Registration Link](#) and will be provided with a dial-in number and a unique PIN. To avoid delays, we encourage participants to dial into the conference call 10 minutes ahead of the scheduled start time.

All earnings materials and the webcast can be accessed through the WisdomTree Investor Relations website at: <https://ir.wisdomtree.com>. A replay of the webcast will also be available shortly after the call.

#### **ABOUT WISDOMTREE**

WisdomTree Investments, Inc., through its subsidiaries in the U.S. and Europe (collectively, “WisdomTree”) is an ETF and ETP sponsor and asset manager headquartered in New York. WisdomTree offers products covering equity, commodity, fixed income, leveraged and inverse, currency, cryptocurrency and alternative strategies. WisdomTree currently has approximately \$74.6 billion in assets under management globally.

WisdomTree® is the marketing name for WisdomTree Investments, Inc. and its subsidiaries worldwide.

---

(1) See “Non-GAAP Financial Measurements.”

(2) Earnings/(loss) per share (“EPS”) is calculated pursuant to the two-class method as it results in a lower EPS amount as compared to the treasury stock method.

## Non-GAAP Financial Measurements

In an effort to provide additional information regarding our results as determined by GAAP, we also disclose certain non-GAAP information which we believe provides useful and meaningful information. Our management reviews these non-GAAP financial measurements when evaluating our financial performance and results of operations; therefore, we believe it is useful to provide information with respect to these non-GAAP measurements so as to share this perspective of management. Non-GAAP measurements do not have any standardized meaning, do not replace nor are superior to GAAP financial measurements and are unlikely to be comparable to similar measures presented by other companies. These non-GAAP financial measurements should be considered in the context with our GAAP results. The non-GAAP financial measurements contained in this press release include:

### ***Adjusted Operating Income, Operating Expenses, Income Before Income Taxes, Income Tax Expense, Net Income and Diluted Earnings per Share***

We disclose adjusted operating income, operating expenses, income before income taxes, income tax expense, net income and diluted earnings per share as non-GAAP financial measurements in order to report our results exclusive of items that are non-recurring or not core to our operating business. We believe presenting these non-GAAP financial measurements provides investors with a consistent way to analyze our performance. These non-GAAP financial measurements exclude the following:

**Unrealized gains or losses on the revaluation of deferred consideration:** Deferred consideration is an obligation we assumed in connection with the ETFS acquisition that is carried at fair value. This item represents the present value of an obligation to pay fixed ounces of gold into perpetuity and is measured using forward-looking gold prices. Changes in the forward-looking price of gold and changes in the discount rate used to compute the present value of the annual payment obligations may have a material impact on the carrying value of the deferred consideration and our reported financial results. We exclude this item when calculating our non-GAAP financial measurements as it is not core to our operating business. The item is not adjusted for income taxes as the obligation was assumed by a wholly-owned subsidiary of ours that is based in Jersey, a jurisdiction where we are subject to a zero percent tax rate.

**Gains or losses on securities owned:** We account for our securities owned as trading securities, which requires these instruments to be measured at fair value with gains and losses reported in net income. In the third quarter of 2021, we began excluding these items when calculating our non-GAAP financial measurements as these securities have become a more meaningful percentage of total assets and the gains and losses introduce volatility in earnings and are not core to our operating business.

**Tax shortfalls and windfalls upon vesting and exercise of stock-based compensation awards:** GAAP requires the recognition of tax windfalls and shortfalls within income tax expense. These items arise upon the vesting and exercise of stock-based compensation awards and the magnitude is directly correlated to the number of awards vesting/exercised as well as the difference between the price of our stock on the date the award was granted and the date the award vested or was exercised. We exclude these items when calculating our non-GAAP financial measurements as they introduce volatility in earnings and are not core to our operating business.

**Other items:** Unrealized gains and losses recognized on our investments, changes in the deferred tax asset valuation allowance on securities owned, expenses incurred in response to an activist campaign, impairment charges and the remeasurement of contingent consideration payable to us from the sale of our Canadian ETF business.

### ***Adjusted Effective Income Tax Rate***

We disclose our adjusted effective income tax rate as a non-GAAP financial measurement in order to report our effective income tax rate exclusive of items that are non-recurring or not core to our operating business. We believe reporting our adjusted effective income tax rate provides investors with a consistent way to analyze our income taxes. Our adjusted effective income tax rate is calculated by dividing adjusted income tax expense by adjusted income before income taxes. See above for information regarding the items that are excluded.

### ***Gross Margin and Gross Margin Percentage***

We disclose our gross margin and gross margin percentage as non-GAAP financial measurements because we believe they provide investors with a consistent way to analyze the amount we retain after paying third-party service providers to operate our ETPs. These measures also assist us in analyzing the profitability of our products. We define gross margin as total operating revenues less fund management and administration expenses. Gross margin percentage is calculated as gross margin divided by total operating revenues.

## Cautionary Statement Regarding Forward-Looking Statements

This press release contains forward-looking statements that are based on our management's beliefs and assumptions and on information currently available to our management. Although we believe that the expectations reflected in these forward-looking statements are reasonable, these statements relate to future events or our future financial performance, and involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expects," "intends," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "continue" or the negative of these terms or other comparable terminology. These statements are only predictions. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties and other factors, which are, in some cases, beyond our control and which could materially affect results. Factors that may cause actual results to differ materially from current expectations include, among other things, the risks described below. If one or more of these or other risks or uncertainties occur, or if our underlying assumptions prove to be incorrect, actual events or results may vary significantly from those implied or projected by the forward-looking statements. No forward-looking statement is a guarantee of future performance. You should read this press release completely and with the understanding that our actual future results may be materially different from any future results expressed or implied by these forward-looking statements.

In particular, forward-looking statements in this press release may include statements about

- the ultimate duration of the COVID-19 pandemic, or the war in Ukraine, and its short-term and long-term impact on our business and the global economy;
- anticipated trends, conditions and investor sentiment in the global markets and ETPs;
- anticipated levels of inflows into and outflows out of our ETPs;
- our ability to deliver favorable rates of return to investors;
- competition in our business;
- whether we will experience future growth;
- our ability to develop new products and services and their success;
- our ability to maintain current vendors or find new vendors to provide services to us at favorable costs;
- our ability to successfully implement our strategy related to digital assets and blockchain-enabled financial services, including WisdomTree Prime™, and achieve its objectives;
- our ability to successfully operate and expand our business in non-U.S. markets; and
- the effect of laws and regulations that apply to our business.

Our business is subject to many risks and uncertainties, including without limitation:

- adverse market developments arising from the COVID-19 pandemic could negatively impact our assets under management, resulting in a decline in our revenues and other potential operational challenges;
- declining prices of securities, gold and other precious metals and other commodities can adversely affect our business by reducing the market value of the assets we manage or causing WisdomTree ETP investors to sell their fund shares and trigger redemptions;
- fluctuations in the amount and mix of our AUM, whether caused by disruptions in the financial markets or otherwise, including but not limited to a pandemic event such as COVID-19, or the war in Ukraine, may negatively impact revenues and operating margins, and may impede our ability to refinance our debt upon maturity or, increase the cost of borrowing upon a refinancing;
- competitive pressures could reduce revenues and profit margins;
- we derive a substantial portion of our revenues from a limited number of products, and as a result, our operating results are particularly exposed to investor sentiment toward investing in the products' strategies and our ability to maintain the AUM of these products, as well as the performance of these products and market-specific and political and economic risk;
- a significant portion of our AUM is held in products with exposure to U.S. and international developed markets and we therefore have exposure to domestic and foreign market conditions and are subject to currency exchange rate risks;
- withdrawals or broad changes in investments in our ETPs by investors with significant positions may negatively impact revenues and operating margins;
- over the last few years, we have expanded our business internationally. This expansion subjects us to increased operational, regulatory, financial and other risks;
- many of our ETPs have a limited track record, and poor investment performance could cause our revenues to decline;
- we depend on third parties to provide many critical services to operate our business and our ETPs. The failure of key vendors to adequately provide such services could materially affect our operating business and harm WisdomTree ETP investors; and
- actions of activist stockholders against us have been costly and may be disruptive and cause uncertainty about the strategic direction of our business.

Other factors, such as general economic conditions, including currency exchange rate fluctuations, also may have an effect on the results of our operations. For a more complete description of the risks noted above and other risks that could cause our actual results to differ from our current expectations, see "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2021, as amended, and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2022.

The forward-looking statements in this press release represent our views as of the date of this press release. We anticipate that subsequent events and developments may cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we have no current intention of doing so except to the extent required by applicable law. Therefore, these forward-looking statements do not represent our views as of any date other than the date of this press release.
